

EDMIGH JEWELRY CO.

Opening a new store is an exciting challenge. After 16 years at Clearview Mall and 19 years on Main Street in Butler, 2016 was the year to bring my family into the business, utilize their skills, and build for the future.

My son Zach is a Graduate Jeweler, trained at the prestigious Gemological Institute of America. He handles all the repairs in our full in-store shop and he specializes in custom designs and remounts. Any jewelry that has been purchased from me over the years can now be serviced in our shop and will be treated with the same care that you have come to expect. Also joining us are Zach's wife Demi, my youngest son Nathan, and my wife Jeryl.

Many thanks to my loyal, long-time customers who have followed me to the new store. It is very rewarding to have our customers tell us over and over how pleased they are with our location, which is right in the heart of Butler's busiest retail area.

Whether old or new, we truly value our customers and strive to exceed your expectations. We look forward to seeing you soon.
