

QUALITY *Life* SERVICES™

Family is who we are!

Quality Life Services was built from the ground up by Kenneth R. Tack, Sr. and his wife Nancy. The Tack family opened Sugar Creek Rest in 1973. Over the last 42 years, the Tack family has expanded the business to include Chicora Medical Center, Countryside, Fair Winds Manor, Golden Hill Nursing and Rehab, Henry Clay Villa, South Fayette Nursing Center, Trinity Living Center, West Haven Manor, Westmont Woods, and Quality Pharmacy.

Today, the company employs over 1300 people, making it one of the largest family owned businesses in Butler County. Quality Life Services is now in its third generation of ownership and the plan is to keep the company in the hands of family for many more generations to come.

For more information about Quality Life Services and our communities call 724.431.0770 or visit our website.
