BALOURIS EYE CENTER, PC

provider of the Butler community's medical and surgical eye care. The eye physicians at Balouris Eye Center are certified by the American Board of Ophthalmology.

Some of the services provided include:

- No stitch, no patch cataract surgery at our adjacent surgical center
- Laser surgery for secondary cataracts, diabetes and glaucoma
- Facial rejuvenation treatments, including Botox[®], dermal fillers and eyelash enhancement
- Complex retinal care with Drs. Hoffman, Rosenberg, and Kondapalli
- Eye Plastic & Reconstructive Surgery with Dr. Randall Beatty

Comprehensive Retinal Services

are available at Balouris Eye Center, PC. Drs. Hoffman, Rosenberg, and Kondapalli of Everett & Hurite Ophthalmic Association provide complex retinal care in our office. They treat all conditions affecting the retina including macular degeneration, retinal detachment, and advanced diabetic retinopathy.
