

Here's to another 28 YEARS of Great Service

Swift Audiology has been a premier family-owned hearing healthcare provider of hearing aids and services for over 28 years. It all started with founder and owner Debra Swift doing what she loved, helping people hear better so they could enjoy life again. Looking to the future, second generation family is carrying on the same patient-centered business. Swift Audiology has offices in Butler, North Hills, South Hills and Washington.

Debbie Swift, BC-HIS
Founder and Owner

"It is so rewarding to build a business and have your family want to be part of it. The passion and nurturing that I have given this Practice would not be duplicated by corporate America. It is however, totally carried forward by my family who have grown up with this passion as part of their lives. It's like Prego "It's in there!"

Melisa Zimmerman, PhD
Niece and Director of Operations

"I'm really proud of my Aunt for how she has grown Swift Audiology - by being true to herself and the patients over the last 28 years. We know from Debbie's experience that patients do better with their hearing aids when they have more one-on-one time with a hearing healthcare professional. That's why patient-centered care will remain a constant at Swift Audiology."

Dr. Nicole Schott -
Audiologist

**TO BE TREATED LIKE FAMILY,
CALL US TO RECEIVE A
COMPLIMENTARY HEARING
EVALUATION.**

You'll be seen by a Doctor of Audiology or a
Board Certified Hearing Instrument Specialist.
